

SPECIAL GOLDEN SUN INITIATION

A special Golden Initiation will be held on June 4th and 5th at Camp Minis-Kupa to take F. E. Hastings into the Order. Before the camping season opens, also those who were elected last summer and were unable to attend the initiation last fall will be notified.

ORDER OF THE ARROW FILE COPY

Quite a few members will be needed to aid in the initiation ceremony. It will not be necessary for Suns to remain in camp over night but it is desired that they come for Saturday night and Sunday evening. Those wishing to eat at the camp should bring their own food as no meals will be served. Bring your headband, loin cloth, and a blanket preferably with an Indian design. Suns not living in Lincoln should write to the Secretary, if they plan to come.

MRS. WARD TO LEAVE COUNCIL SERVICE

After fifteen years of constant service with the Cornhusker Council, Mrs. Pearl Ward, office secretary, is planning to leave for California.

Mrs. Ward began in 1923 under W. J. Kent in the day when the Scout Office was in the City Hall. She continued under A. J. Gillette and B. B. Dawson. She plans to go to Los Angeles soon where she will make her home.

We are all sorry to see such a faithful friend depart but must console ourselves that distance is an obstacle to friendship.

Mrs. Ward was a great help to members of the Order. She always smiled not matter how much inconvenience and trouble they caused. She has promised to write and the Sundial will print the news of her letters in future editions.

GOLDEN SUN NOMINATIONS

That's what I said, Nominations. We want those in as soon as possible, so contact your Scoutmaster and get him to work on it. He has a Troop Leaders Manual which explains everything quite satisfactorily. If there is any questions in to the Secretary immediately, if not sooner, so that we can settle your doubts and get the nominations going. We are planning a programme for the Pow Wow that will be interesting not only for the candidate but for the members also. We plan to have some competition in archery, marksmanship, swimming and horseshoes. Prizes will be given to the winners in each division. Plan to come, and bring as many members with you as you can. I realize that I have strayed somewhat from the heading of Nominations, but it all fits in and logically leads up to my next Topic, which is;

FIFTEENTH ANNUAL POW WOW

For fifteen years now puzzled and apprehensive Scouts have followed a silent and mysterious figure, Misingwa, through the Ordeals of the Ritual. Traditions have been built up, friendships have been fomented, Scoutcraft has been advanced, in fact, the merest mention of Golden Sun revives a whole host of memories that are dear to the heart of every fellow who has gone through a Golden Sun initiation successfully.

We should all strive, therefore, to make this Pow Wow better, more inspiring and richer in memories than any of the previous ones. It is possible, and you are the ones to make it so. I believe that nothing so impresses the candidate as to see, at the final Camp fire Ceremony, a large Group of Suns there. (continued on page 2)
