CAMP PROMOTION

The big news in the lodge now is camp promotion. One of OA's primary responsibilities is camp promotion, and this year we're really going to hit it. The program as set up at the last pow-wow calls for teams of OA men to visit every troop and post in the council and present to them a program boosting summer camp. But this isn't the only place that we can promote camp; one of the best, and probably most effective is in your home troop.

Next summer the council will provide its scouts with the biggest and best camping program it has ever had. The aim is to have every boy get in on at least one activity, and to fulfill this aim, the council staff has asked the OA to promote the program. Many experiences will be offered; such things as a week at Camp Minis Kuya, canoe trips in Canada and on Nebraska rivers, Explorer weeks, wilderness camp, and Philmont trips are arranged and ready for the use of the boys. Camp promotion will sell the camps to the boys, and the OA will do the selling.
