

TAPPING (con't from page 1)

will be used for the first full season this year. Runners will be appointed as needed. (Members of the tapping committee have recieved their assignments for this.)

Tapping programs will be used as instructed with tappers and chiefs being on tapping committee and any extra catchers to be assembled from members in camp. The trail of four fires will draw leaders from the members in camp or nearby towns. Runners are to be tapping committee members and extras are to be selected from members at large. THE SUNRISE SERVICE WILL BE PERFORMED BY TAPPING COMMITTEE MEMBERS ONLY. If you are an ORDEAL MEMBER it is necessary to take part in these ceremonies at least ONCE DURING THE SUMMER. It will also be necessary to have your name on the list returned to the Scout Office as one who has been in attendance.

If you are an ORDEAL MEMBER, your initiation actually is not complete until you have recieved your BROTHERHOOD membership.

Any questions regarding this should be addressed to
